

Gigaset A510H

Enhance your home / office communications with the stylish Gigaset A510H Digital Cordless DECT Phone, the best-value handset that fuses attractive form and essential functions. Its 1.8" display, illuminated by a backlight, is easy to read and navigate. There are 4 different colour backlights to choose from – allowing you to select the look you prefer. Conversations are a pleasure on the Gigaset A510H, reaching you in brilliant HSP sound quality and with an easily adjustable volume while you talk in hands-free mode. You also save energy with the Gigaset A510H, which offers a low power consumption of <0.4W as well as Eco Mode.

Key Features

- Large, illuminated, 1.8" black and white display with 4 different backlights
- Brilliant HSP sound quality ensures that all calls reach you with clarity
- Eco Mode Plus with no radiation¹ and power consumption of <0.4W
- Customised ring tones and colour backlights for special contacts
- Precise dialling on comfortable, touch-sensitive keypad
- Day/night volume settings on handset and base station
- Generous phone book stores up to 150 entries
- Long talk/standby time of up to 20/220 hours
- Hands-free talking with adjustable volume
- 20 selectable ringtones (5 mono and 15 polyphonic)

Set your preferences

From colour backlights to ringtones, you choose how your Gigaset A510H will look and sound. There are 4 different colour backlights to choose from. Select the backlight colour you like best, and it will illuminate the Gigaset A510H's 1.8" black and white screen for optimal readability. Want to know when specific contacts are trying to reach you? Easily assign customised ringtones and colour backlights to these contacts, so that you hear and see when they call. If you like variety, the Gigaset A510H – with its 20 selectable ringtones – is for you.

Brilliant sound that's smart

With brilliant HSP sound quality, the Gigaset A510H ensures that all calls reach you with clarity. Like to multitask while you talk? Simply take advantage of the hands-free function with adjustable volume. And if you prefer not to be disturbed during the evening and night hours, you can choose different day and night volume settings. These are just a few of the smart sound-related features of the stylish Gigaset A510H.

Easy calling and long conversations

Long conversations? With the Gigaset A510H, your conversations can continue on and on, thanks to the talk time of up to 20 hours. This handset is also ready for use with little recharging necessary, with the standby time of up to 220 hours. There is no need for an extra address book with the Gigaset A510H, which stores up to 150 contacts. The touch-sensitive keypad is comfortable and enables precise dialling. With its stylish looks, high-quality design and extremely convenient functions, the Gigaset A510H makes calling a joy.

ECO DECT: Pure energy savings and radiation-free

The energy-saving power supply of the Gigaset A510H consumes less electricity, so it's kinder to the environment and kinder to your wallet. Like all Gigaset cordless phones, it variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset A510H's base station by 80% simply by selecting the ECO Mode. Furthermore, radiation-free⁴ ECO Mode Plus turns off the transmitting power when the phone is in standby.

With its stylish, high-quality design and smart features, the Gigaset A510H offers a truly good-value blend of attractive form and useful functions.
